Sudheera Deshapriya

PROFILE

I am Sudheera Dasun Deshapriya from Colombo, presently studying for a Bachelor of Information Technology degree at Rajarata University of Sri Lanka. I have practical experience in web development, backend programming, and mobile app development and have completed projects in Python, Flask, and Android. I look forward to putting into practice my skills and knowledge in an interesting internship in contributing to innovative solutions.

- Development: Object-Oriented Programming (OOP), Software Development, Android Development

Soft Skills
- Teamwork
- Communication
- Problem-Solving
- Presentation
- Adaptability
- Leadership

Leadership
- Currently serving as the Junior Treasurer at FAS Tunes of the Rajarata University of Sri Lanka.
- Played a key role in planning and coordinating events, fostering teamwork and collaboration among members.
- Successfully led and coordinated team projects, ensuring tasks were completed efficiently and objectives were met.
- Took the initiative to organize and facilitate collaborative efforts during group projects, resolving challenges with a problem-solving mindset.

Communication
- In my role as Junior Treasurer, I frequently liaise with team members, stakeholders, and university officials, ensuring smooth communication and effective financial planning.
- Gained experience in negotiating and resolving conflicts while handling financial matters, reinforcing my ability to work in dynamic team environments.
- Experienced in delivering presentations, reports, and project updates with clarity and precision.
